Dance for Presentation Evening

Every Thursday, Matty and Jaye come to our school with Arts teacher Ms Carmen. Our students are learning from them the necessary dance moves to wow parents at the Presentation Night.

“At the Top up Tully extravaganza, there were musical renditions that were thought of, composed and played by different people. It was pretty nerve-wracking because you have to get up in front of the whole entire audience and remember every note and play them in exactly the right order. The notes are right in front of you but you have to listen to everybody else as you are playing.” – Harley Cox

A Message from Miss Deb

“Swimming this term has been a joy to watch and experience. I knew from the excitement on the bus that swimming was going to be one of the best events. I have seen many children with smiling faces and have heard lots of laughter. That is what it is all about, having fun while learning and being safe in the water. Each week I have seen each child make exceptional improvements, no matter how small. They should be very proud of their achievements so far. I am honoured but also very humbled to do our swimming program. My passion for teaching and seeing children swim is so rewarding. Next week we have another exciting day with our swimming carnival. I am looking forward to seeing our ‘Fast Feluga Frogs’ in the water achieving more goals. Happy swimming.” - Miss Deb

Miss Deb, a qualified swimming instructor, attends the pool sessions with our classes each Thursday. On Friday next week will be the first small schools swimming carnival since Mr Mac been at Feluga. No ribbons are being handed out, because this is a fun carnival.

Report Cards in Last Week

Because we will be working up till the last Wednesday of school our report cards will come out on the Monday of the last week.

Ex-Feluga Students Shine at TSHS
Congratulations to these ex-students of Feluga State School who received awards at Tully State High School Speech Night last Monday night. The recipients are Jane Slater (Yr9 Academic Excellence and Junior Science award), ex-Feluga teacher Jan Bryde, Lachlan Slater (Yr12 Graphics award) Jenna Clarke (Yr12 English & Communication award & RSL Bursary winner) and Amy O’Kane (Yr12 Academic Excellence award). Missing is Ezra Matthews with his Yr8 Academic award.

Mr Morrison’s Rube Goldberg Machines
Some kids in the upper class have been creating Rube Goldberg Machines in Mr Morrison’s science class investigating forces and energy and changes in those forces. They, of course, call them Wallace and Gromitt machines. Rachel Rebecca and Mikayla have created a machine to paint a picture (really splash paint around). Below we see it in action and Mikayla says it worked some of the time.
