

# Investing for Success

**Under this agreement for 2022  
Feluga State School will receive**

**\$15901\***

## This funding will be used to

Feluga State School will plan to ensure the success of every student, through embedding evidence-driven, whole-school approaches to support wellbeing. The evidence tells us that when staff and student wellbeing is supported, learning and achievement will follow.

We will ensure that students will achieve a 'C' standard or higher against their relevant year level achievement standards for English. At risk students will be identified and provided with relevant support provisions.

## Our initiatives include

Our approach to student learning and wellbeing across the whole school will include:

1. Strengthening our safe, supportive and inclusive environment.
2. Building the capability of staff, students and the school community.
3. Developing strong systems for early interventions.

## Our school will improve student outcomes by

- Explicitly teaching and modelling social and emotional skills, values and expectations for behaviour to support student wellbeing.
- Responding positively to the needs of different groups within the school community.
- Strengthening connections with parents to support early intervention for students whose wellbeing is at risk.
- Planning and documenting school processes to support staff to respond appropriately to students at risk.
- Recognising the early signs that a student's wellbeing is at risk and responding appropriately by noticing, inquiring and planning. (Student and Learning Framework, Department of Education, 2018)

Physical resources \$ 3351

Human resources \$12550
